- Membership Organizing committee (Cliff Tillman): The Council 57 is making membership organizing a priority for all locals. We do not have an active membership organizing committee currently. There are a few people on the committee and it needs to be re-established ASAP.
- Review of committees: Lists were updated. An E blast will be created requesting members join the committee of their choosing.
- EB vacancies (Cliff Tillman): Should have nominations because it appears as if we are intentionally refusing to fill seats. Can send an eblast requesting nominations. When we have an elections committee this task can be completed.
- Classification Review Update (Cliff Tillman): Cliff submitted the list and the state acknowledged the list. Cliff will train the corresponding occupational chairs regarding the next steps in the process. Cliff wants to wrap up the previous 3 occupations that were previously submitted.
- Cliff Tillman suggested that a 2 page newsletter type document be created and disseminated to membership with pertinent information that the union is actively engaged in currently. Proposed name (courtesy of Joseph Greene) is "Local 2620 Newsflash"
- Communications Committee Policy Review: Agreed to meet June 16, 6:00pm via Zoom Joseph Greene will send the Zoom Invite to the committee members.
- Reminder: Ali stepping down, need new chair appointment: Ali is stepping down 6/30/22
- General Convention Event Update (Cliff Tillman): Still working on trying to secure speakers. Trying to get the governor, and/or attorney general to speak. Officer's reports must be submitted to Cliff at least 2 weeks in advance. RSVP will be forwarded to membership along with what workshops they will be attending. Eblast will be sent requesting nominations for exceptional stewards from each department.
 - The Executive Officer's Meeting scheduled for August will be rescheduled to a later date.

- Officer roles at convention: Cliff Tillman will reach out to occupational chairs and will reach out to the officers to fill in roles as needed.
- Failed AFSCME International Delegate Election: The election was not completed today due to a lack of quorum per members present. There is no ETA on when it will be rescheduled.
- Constitution revision: Revisions should be presented at convention. Revisions need to be discussed at a Constitution/Policy Committee meeting prior to the convention that is scheduled to occur next week.
- Opt Out Process (Cliff Tillman): When the contract expires (We are bargaining) or the anniversary date of when a membership card was signed. When members promote they must notify us of their promotion per the contract and at that time they stop paying dues, not per the date of their Notice of Promotion. They can be promoted/be in a job class no longer represented by our union and pay dues until they officially notify us of this change per the contract. Cliff Tillman suggests we create a specific policy regarding this. Article 2.1 of the contract.
